Race details

Each race will be for two (or exceptionally one) driver entries, open strictly by the invitation of Motor Racing Legends to drivers of all nationalities holding a minimum of a Race National or Race International D race licence. Exact details will be given in the SRs for each meeting.

Each race will feature a compulsory pit stop and, where relevant, driver change. The car must be at rest for a minimum of 60 seconds during the pit stop. Any car failing to make a pit stop will be excluded from the results. A solo driver can remain in the car during the pit stop. Any car failing to make a pit stop within the pit window will incur a Drive-Through penalty.

The starting grid for each race, or for race 1 in a double-header race will be made up according to the best times achieved during qualifying. In a double-header race the starting grid for race 2 will be derived from the finishing results from race 1, and overall results will be based on an amalgamation of the two race results. Race starts will be rolling starts. For double-headers, awards will be based on the combined results of both races.

Attendance at briefings by drivers is mandatory and the organisers must be notified if a driver is unable to attend a briefing due to a schedule clash.
