

COVID information for UK residents

Authorisation to access the Spa-Francorchamps circuit is subject to the possibility for visitors :

- on the one hand, **to access Belgian territory** in accordance with the Belgian and European rules in force
- on the other hand, **to hold the "Covid Safe Ticket »** or equivalent document from your country.

The organization of Spa Six Hours will make its utmost in order to inform all team members and participants as well as ensure the smoothest possible process onsite.

TO ACCESS BELGIUM FROM UK

The conditions of access to Belgian territory and by destination can be consulted on the Belgian Foreign Affairs website at the following:

[UNITED KINGDOM](#)

We do advise all participants coming from the UK to regularly check the travel / access conditions.

As of today (Sept.1), an antigenic test is requested upon your arrival on Belgian territory within 24 hours and in order to get out of quarantine.

Therefore, Spa Six Hours will organize a testing center (expenses paid by you at democratic price) in the immediate vicinity of the circuit. The results will be available within 20 minutes and will enable you to immediately get out of quarantine.

If you need a PCR test to return to your country, a testing center will also be available, with a schedule that takes into account the 8 hours needed to obtain the result. (PCR test at your expense at democratic price)

TO ACCESS SPA SIX HOURS 2021

The "Covid Safe Ticket" is only available to **residents of the European Union, the European Economic Area, the United Kingdom, Switzerland, the Vatican City, Andorra, Monaco and Liechtenstein.**

Therefore, people who are not residents of one of these countries are not eligible for the Covid Safe Ticket and will not be able to travel to the 2021 Spa Six Hours, even if they are allowed to travel to Belgium.

For eligible individuals, the Covid Safe Ticket is only available if one of the following four conditions is met:

- A complete vaccination + 2 weeks when the vaccine requires two doses and + 4 weeks when the vaccine requires only one dose (e.g. Johnson & Johnson).
- Have a negative PCR test result within 2 days of collection.
- Have a negative antigen test result from a health professional within 1 day of collection.
 - To summarize the validity of each type of test:
 - PCR: valid from time of sampling + 2 days
 - Antigen: valid from time of sampling + 1 day
- Be in possession of a Covid-19 recovery certificate obtained following a contamination of less than 180 days.

In summary, in order to access the 2021 Spa Six Hours, 3 documents will be required:

- **Your "Covid Safe Ticket" from the age of 12;**
- **Your identity document to verify the authenticity of the "COVID Safe Ticket";**
- **Your entrance ticket (paper or digital)**

WITHOUT THESE 3 DOCUMENTS, ACCESS TO THE SITE WILL BE DENIED.
